

Tip-Me-Not™ furniture is **300% MORE TIP-RESISTANT** than conventional early learning furniture!

### Safety:

Child safety is the NUMBER 1 priority for teachers, parents and WOOD DESIGNS. TIP-ME-NOT™ furniture from WOOD DESIGNS is the first unique, safety conscious line of classroom furniture specifically designed for early learning environments.

### How It Works:

TIP-ME-NOT™ products work because we lowered and transferred the centre of gravity towards the back of the products. We also added counter-balancing weights to the bottom of every product. These two factors dramatically increase the stability of every TIP-ME-NOT™. TIP-ME-NOT's™ are the safest, most tip-resistant furniture you can buy.

WOOD DESIGNS leads the early learning furniture industry with TIP-ME-NOT™, providing your children with the safest most secure learning environment you can buy.
